KEEP THE POST PUBLIC

We, the undersigned, petition the Prime Minister to reject the recommendation within the Hooper Report to part privatise Royal Mail.

Such a move would, we believe, risk fracturing one of Britain's greatest public services and put our universal (one price goes anywhere) service under threat.

As such, we urge the Prime Minister and his Government to uphold the policy agreed at Warwick, unanimously endorsed with the backing of ministers at the 2008 Labour Party Conference, for a wholly publicly-owned, integrated Royal Mail group

SIGN OUR PETITION AND LET THE PRIME MINISTER KNOW HOW YOU FEEL
