

Dear

As a constituent I am writing to ask you to add your voice to the growing list of MPs who are supporting the campaign calling on the government to abandon its plans for privatisation of Royal Mail, for Government to take responsibility for the pension fund deficit and commit to a negotiated agreement supporting the much needed modernisation of Royal Mail.

I'm gravely concerned about the government's plans for privatisation and would like to see the government reconsider. I would urge you to strongly reject the idea that Royal Mail and the postal service should be privatised.

In particular I'm writing to ask you to show your support by signing up to Early Day Motion 428 'Royal Mail'. I support the sentiments contained in this EDM and I hope you do to – on that basis please sign up and show your support today.

I would also urge you to write to the Secretary of State for Business, Enterprise and Regulatory Reform Lord Mandelson and the Minister responsible for postal affairs Pat McFadden to further highlight these concerns.

Yours sincerely,
